

3D INDUSTRIAL ELECTRONIC PTE LTD

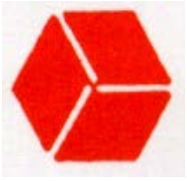

***Mechanical Metal
Fabrication***

3D INDUSTRIAL ELECTRONIC PTE LTD

Specialties

- Quick Prototype Samples
- EMC Compliance Mechanical design
- Laser & Turret Punching
- Telecommunication Chassis
- Precision Machining (Include Aerospace)
- Jig & Fixture

3D INDUSTRIAL ELECTRONIC PTE LTD

EMC Design Capability

- Our Engineers are well experience in assisting Telecom Equipments related customers to design chassis that meet EMC Spec.
- **Products: Telecom switches, TV Mobile units, POS, etc....**
- RoSH Compliance

3D INDUSTRIAL ELECTRONIC PTE LTD

Prototype Capability

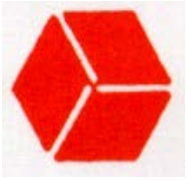

- Factory is equipped with Laser & Turret Punch Machines to support needs with turn around time of 3 to 5 working days
- In-House Spray Painting process
- Metal stamping facility to support mass run
- Sophisticated Measurement instruments

3D INDUSTRIAL ELECTRONIC PTE LTD

Product -- Metal Chassis

- IPC and LCD TV Casing
- 1U to 4U 19" Rack for Telecommunication Service Providers
- City Guide Kiosk
- Gaming Console
- POS Chassis

3D INDUSTRIAL ELECTRONIC PTE LTD

Products -- Aluminum Extrusion and Die-Casting

- LCD TV Chassis
- Heatsink
- Notebook application
- Microwave Transmission Equipment

3D INDUSTRIAL ELECTRONIC PTE LTD

Product -- Precision Machining

- Support Jig & Fixture to Aerospace industries
- Parts used in Electronics and Telecom industries
- Capability to produce Diplexers and Filters used in Microwave Transmission Equipment
- RoSH compliance process
